

Winner 9 & Winner 9 performance

English
Standard Description
August - 2015

**winner**
yachts

		W9	W9 Perf.
Technical specification			
Length over all	m	9	9
Waterline	m	8	8
Beam	m	2.96	2.96
Draft standard keel	m	1.60	-
Draft shallow keel	m	1.25	-
Draft Performance keel	m	-	1.90
Mast height	m	14.20	14.65
Displacement standard keel	kg	3.300	-
Displacement shallow keel	kg	3.500	-
Displacement Performance keel	kg	-	3.100
Ballast standard keel	kg	1.350	1.150
Mainsail	m ²	28	34
High Aspect jib	m ²	20	22
Working jib	m ²	12	12
Stormjib	m ²	5	5
Gennaker	m ²	60	78
Spinnaker	m ²	60	73
Steering system		tiller	tiller
Optional steering system		wheel	wheel
EC certificate		CAT A	CAT A

Engine installation			
Motor		Yanmar	Yanmar
Type		2YM15	2YM15
PK/Kw		14/10,3	14/10,3
Propulsion		Saildrive	Saildrive
Sail drive with dual membrane and sensor with acoustic alarm		•	•
Intercooler		•	•
"Flex-O-Fold" 2 bladed folding propeller		o	•
Warning lamps for lube oil pressure, cooling water temperature and charging		•	•
Digital engine hours counter on dashboard in cockpit		•	•
Tachometer		•	•
Water-cooled rubber exhaust system with noise reducing water lock		•	•
Engine compartment carefully sound isolated with resilient material		•	•
Fuel tank		70 L	70 L

Hull and deck			
Fibreglas hull, reinforced with woven roving and chopped mats. Built hand lay-up. Gelcoat in NPG quality.		•	•
Waterlines and stripes in gelcoat (maintenance free). The laminated longitudinal reinforcements and to the hull laminated bulkheads, make a very solid and stiff construction. In the bow section is a watertight compartment. The deck has a sandwich construction with a layer of foam and has an anti-slip on deck. Deck and hull are joined using woven roving and chopped mats providing a solid and watertight construction			
Hull and deck are built in a sandwich construction		•	•
Deck with GRP toerail		•	•
Standard colours: hull = white, deck = white, waterlines dark grey		•	•
Seamless hull/stern joining		•	•
Waterlines and stripes in gelcoat		•	•
Cockpit bunks are made of teak		o	o
Self bailing anchor locker		•	•
4 aluminium cleats		•	•
Instruments fitted above entrance hatch		•	•
Water fill opening		•	•
Fuel fill opening		•	•
Black water tank outlet		o	o
Alu/rubber rubbingstrake		•	•
Cleat amidships on port and starboard		o	o
Washboard stowage facility		•	•

Teak			
Teak on cockpit seats		o	o
Teak on cockpit floor		o	o
Teak on side decks		o	o

Ballast			
Cast iron bulb keel with low centre of gravity, protected with anti-rust paint		•	•
GRP construction around the keel reinforced with steel keel grid		•	•

	<i>W9</i>	<i>W9 Perf.</i>
<i>Rudder/Steering</i>		
Black GRP tiller	●	●
Steering pedestal JEFA, with steering wheel	○	○
Steering wheel with leather grip	○	○
Polished stainless steel tiller equipment	●	●
Rudder bearings, upper and lower needle bearing JEFA	●	●
Conic stainless steel rudderpost	●	●
Tiller extension	●	●
<i>Mast and Standing rigging</i>		
Silver anodised and tapered mast	●	●
Double set of spreaders	-	●
9/10 rigging	●	●
Standing rigging in stainless steel dyform	-	●
Discontinues rigging	●	●
Stainless steel rigging screws with brass housing.	●	●
Furling genoa system Harken	○	-
Furling genoa system Profurl FD	-	○
Furling system mounted under deck in anchor locker	○	-
Windex	●	●
<i>Running rigging</i>		
All halyards and control lines led aft to cockpit	●	●
Dynema halyards for genoa and mainsail with shackles	●	●
2 reefinglines	●	●
Outhaul	●	●
Downhaul	●	●
Rodkicker	○	●
Cunninghamhole	○	●
Topping lift (for boom)	●	●
Adjustable backstay (Dyneema)	○	●
<i>Hardware</i>		
Stainless steel and seawater resistant anodized aluminium	●	●
Ronstan and Spinlock deck hardware	●	●
<i>Winches</i>		
2 Harken Radial genua winches	35.2STA	35.2STA
2 Harken Radial halyard winches	20.2PTA	35.2STA
<i>Hatches</i>		
Seawater resistant anodised aluminium hatches with Perspex glass (smoke)	1	1
Port lights	○	○
Perspex glass (smoke) sliding entrance hatch	●	●
Windows: Coloured (smoke) and hardened security glass	●	●
<i>Pulpit and Stanchions</i>		
Stainless steel pulpit	●	●
Stainless steel aft pushpit	●	●
6 stainless steel stanchions (61 cm) with 2 stainless steel lifelines	●	●
Stainless steel bathing ladder on bathing platform	●	●
Extra step for bathing ladder on transom	●	●
<i>Sails</i>		
Mainsail, Hagoort Sails	Cruising line	Perf. Fathead
High Aspect jib , Hagoort Sails	Cruising	Perf.
2 reefs in mainsail	●	●
Mainsail luff with runners	●	●
Full top batten (2x)	●	●
Winner" sail sign,	●	●
2 sail bags, sail bands	●	●
Mainsail cover in dark gray	○	○
